Our Mission: To promote stronger communities and facilitate development of sustainable local economies through public education, research, networking, and support of sustainable local enterprises and community building activities.

Another Way Enterprises Project Application

Dear Prospective A.W.E. project:

As part of the process of becoming an A.W.E. project, we ask that you provide us with a Project Application. This helps us understand your project, the organization behind it, and provides us information we need to accept your project and monitor its progress as long as it remains with A.W.E.

Once we have this information, the A.W.E. Board will review it and make a decision as to whether your project is within our scope and fits with our mission statement.

Please provide the A.W.E. Board with the following information. Also include a proposed annual budget for you project with your application:

Your project's name:

Your project's mission statement:

Background and project description (please describe how it fits with A.W.E.'s mission):

Please give us a rough outline of your project's management structure: (how is it organized - duties performed)

Your project's goals for the coming year:

What resources (monetary or otherwise - including amounts and sources) you have already in place:

Who will act as liaison with the A.W.E. Board (include contact information):
